

Geami WrapPak[®] EX MINI

The compact packaging solution for your webshop

The sustainable alternative to bubble wrap*

* 1 exbox mini equals \pm 2 rolls of 50m bubble wrap

ABOUT THE SOLUTION

Geami WrapPak is the combination of a patented die cut kraft paper with a tissue interleaf.

The Geami WrapPak EX Mini is a disposable carton box that expands the die cut paper into a 3D honeycomb structure. In combination with the tissue interleaf it provides a unique wrapping product.

- ✓ Excellent surface protection and great presentation
- ✓ Small footprint, hardly takes any space and can be placed anywhere you like
- ✓ Simple and easy packaging solution
- ✓ Eco-friendly wrapping solution

DESIGNED FOR THESE ENVIRONMENTS

Start-up webshop

Home-based webshop with constraints in packaging space and upfront investments.

Physical retail outlet

Limited space available on or behind the counter.
