

## A necessity for handling any type of cotton bale.

### APPLICATIONS

Cascade cotton bale clamps efficiently and economically handle any type of cotton bale. Cascade 4-Bale Clamps handle from one to four bales, and 5-Bale Clamps handle from two to five bales.

### FEATURES

- Fast arm speed.
- Excellent driver visibility.
- Damage-free handling.
- Thin profile arms.
- Protected control valve.
- Protected arm bearings.
- Non-grease arm bearings.
- High net lift truck capacity.
- Center ribs allow for bale spinning.
- Built to last.

*For efficient,  
economical bale  
handling.*

### OPTIONS

- **Transporter Units**—Provide multiple bale handling capabilities.
- **Button Arms**—Provide secure grip without cutting or ripping bales.
- **Revolving Model**—360° continuous rotation with optional 180° stop group.
- **Quick Change Lower Hooks**—Clamps can be removed or installed in minutes without tools. (Quick Change hose couplings available separately.)
- **Flow Dividers**—Continually adjust hydraulic flow to equalize arm speed.
- **Pin-Type Mounting**—For use on trucks with pin-type carriages
- **Non-Standard Frame Widths, Arm Sizes and Opening Ranges**—Several sizes available for handling unusual size loads.

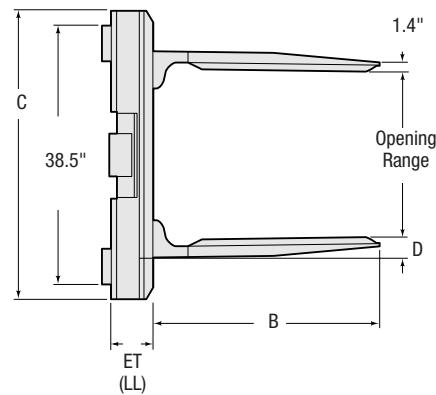

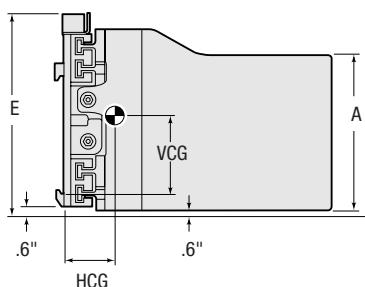

Optional Button Facing

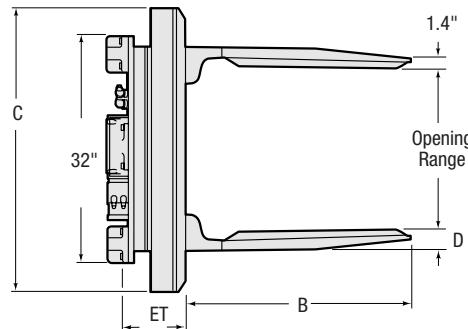

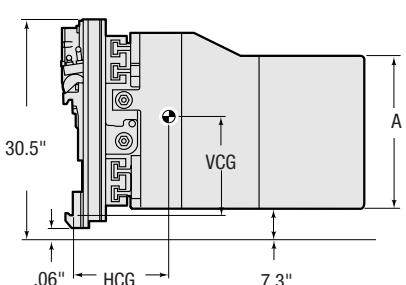

Standard Ribs

# 40D COTTON BALE CLAMP
